

# D CLASS PREMIUM AMPLIFIER FPX 1.1000

## DUAL OUTPUT – POWERFULL AND COMPACT

- High performance compact heat dissipation chassis.

- High power and current dynamic reserve.

- Audio Mos-Fets - Optimized efficiency.

## KEY POINTS

- D Class Mono amplifier – High power and current dynamic reserve
- Stable under 1 Ohm
- Audio Mos-Fets - Optimized efficiency
- High performance compact heat dissipation chassis
- Included remote

## TECHNICAL SPECIFICATIONS

### D Class Mono amplifier

**CEA power (4 ohms):** 1x420 Wrms

**Maximum power (2 ohms):** 1x700 Wrms

**Maximum power (1 ohm):** 1x1000 Wrms

**Bandwidth:** 15 Hz – 250 Hz

**Total harmonic distortion:** 0.08 %

**SNR (1W/A):** > 76 dBA

**Low-pass filter:** 50Hz-250Hz

**Subsonic filter:** 10Hz-50Hz

**Progressive phase adjustment** (0-180°)

**Bass boost** (0/12dB)

**Protections:** Short circuit / low impedance / reversal of polarity / DC / power drop / heat protection

**Dimensions (LxHxW):**

11<sup>11/16</sup> x 5<sup>13/64</sup> x 2<sup>3/32</sup>" (297x132x53mm)

**Weight:** 5.62lbs (2.55kg)

 **Performance**  
CREATE YOUR SOUND

 **FOCAL**  
THE SPIRIT OF SOUND
